

**PARENTAL CIRCULAR**

14 September 2022

DPS/PAT/PC/09/22-23

Dear Parent

This is with reference to the circular number CBSE/REGN/2022-23/, dated 27.6.2022 wherein CBSE among other directives, has also instructed about the Scheme of Studies of Secondary School Examination for the students of Class IX.

We wish to draw your attention to the following points as mentioned in the circular cited above:

- Students of Class IX have the option of choosing either Mathematics Standard (041) OR Mathematics Basic (241).
- Class IX & X is an integrated course of two years. Students will study only those subjects in Class X which they have studied in Class IX.
- The students who opt Mathematics-Basic (241) will have the option of taking Applied Mathematics (241) as an Elective at Class XI/Sr. Secondary though they may not be permitted to take Mathematics (041) at Sr. Secondary level. However, a student who has opted for Mathematics - Standard (041) can offer any one of the two available Mathematics at Sr. Secondary level.

At present, the CBSE has only provided the student the option of choosing Mathematics Basic or Mathematics Standard. The same syllabus will be covered under both levels though the level of assessment in AISSE 2024 will be slightly different for each. Accordingly, students who do not wish to pursue Mathematics at the Senior Secondary level may opt for Mathematics Basic. However, for all practical purposes and till further clarity is provided on this account by the Board, the assessment pattern/ level of PT2 and Annual Exam will remain the same as is being followed now.

The form for indicating the option of Mathematics Standard/Basic is given below. You are requested to fill in the required fields after which the form is to be submitted by the students to the invigilator who is present in their respective rooms. The form has to be submitted without fail by Friday, 16.09.22. If the form is not submitted by the said date, it will be deemed that Mathematics Standard is the option for that particular student and no change thereafter will be possible.

Regards
