

“The direction in which education starts a man will determine his future life.”
-Plato

Dear Parents,
“Be the positivity you wish to see in the world”

Sometimes when we may think about the future, we can find ourselves lost in pessimistic visions that create nothing but unnecessary fear and worry in us. Since no one can really predict what is going to happen, I believe such thoughts are better to be avoided. They will not prevent anything and just worrying about something that may never even occur seems pointless if you look at it from a rational point of view. We must learn to practice optimistic view in every aspect of our lives.

Life Follows you!
Life follows you. Everything you experience in your life is a result of what you give out in your thoughts and feelings, whether you realize you have given them or not. Life is not happening to you. Life is following you. Your destiny is in your hands. Whatever you think, feel that will decide your life, life is not happening to you it is reacting to you. Everything in life is presenting itself to you so you can choose what you love and what you don't love, but only love brings what you want to you. Your mind is a powerful tool you can use, run your life. Even thousands of people in the worst imaginable situations who have changed their lives completely through gratitude. We know of miracles that have taken place in health where there seemed to be no hope, failed kidneys regenerate, eyesight is restored, tumors disappear, and bones grow and rebuild themselves. So feel grateful for each and everything in life. It is all about leading the life, not only living it!

It's the most wonderful time of the year! We're concluding the exciting year of 2022 and welcoming a new year. As we look back on 2022, we can do so with a great sense of collective pride. On behalf of everyone at the school, we would like to wish you a happy Christmas and best wishes for 2023!

Warm Regards,
Principal

ALL RIGHTS RESERVED DECEMBER 2022

GLOBALLY IMPORTANT DAYS OF THE MONTH

WORLD AIDS DAY: Every year, on 1st December, the world commemorates World AIDS Day. People around the world unite to show support for people living with and affected by HIV and to remember those who lost their lives to AIDS.

INTERNATIONAL DAY FOR THE ABOLITION OF SLAVERY: The International Day for the Abolition of Slavery, 2nd December, marks the date of the adoption, by the General Assembly, of the United Nations Convention for the Suppression of the Traffic in Persons and of the Exploitation of the Prostitution of Others (resolution 317(IV) of 2 December 1949). The focus of this day is on eradicating contemporary forms of slavery, such as trafficking in persons, sexual exploitation, the worst forms of child labour, forced marriage, and the forced recruitment of children for use in armed conflict.

INTERNATIONAL CIVIL AVIATION DAY: The day is observed on December 7 to increase awareness about the role and importance of the International Civil Aviation Organization (ICAO) for international air transport. The aim behind celebrating the day is to create awareness across the world about the importance of international civil aviation to the social and economic development of States. Also, the unique role of the organisation in helping States to cooperate and realize a global transit network at the service of all mankind.

CAMPUS CLANDESTINE

The young enthusiastic students were sensitised about the relevance and contribution of the Defence Forces, the various shelters prevalent in the world through the activity 'Protective Souls'. 'What I am Stuck With' provided the children an opportunity to know about their mental health and re-kindle efforts to boost it. 'JAM' and 'Acrostic Poem' were conducted to intensify the children's love for the English language and to stimulate their creative and communicative skills. Jodo Gyan activities of 'Juggling Numbers' and 'Jitna Number Utina Cake' helped the students internalise the mathematical concepts and thus develop abstract, logical and critical thinking. Exploratory activities such as 'Water Molecules on the Move', 'Building a Food Chain' and 'The First in the World' provided the students the opportunities to explore the world around them and enhance environmental awareness within them.

HUMAN RIGHTS DAY: Human Rights Day is celebrated annually around the world on 10th December every year. Human Rights Day is focusing on how rights are the beginning of peace within societies, and a way to create a fairer society for future generations.

INTERNATIONAL MIGRANTS' DAY: On 18 December 1990, the General Assembly adopted a resolution on the International Convention on the Protection of the Rights of All Migrant Workers and Members of Their Families. International Migrants Day was created to commemorate the importance of strengthening international cooperation and migration bilaterally, regionally, and globally.

AMAZING FACTS

1. The human brain can survive for three to six minutes even after the oxygen supply to that part is cut off.
2. The cornea which is the transparent front portion of the eye, receives oxygen directly from the air and has no blood supply.
3. Have you tried to calculate the number of blood vessels in the human body. Actually, there are more than 100,00 miles of blood vessels present.
4. Coughing and sneezing are the natural mechanisms of the human body to keep away or eject any foreign objects.
5. It is really amazing to know that the brain uses more energy than the rest of our organs whereas only 20% of the energy is reserved for the rest of the body.

ART & DESIGN

*"IF I COULD SAY IT IN WORDS
THERE WOULD BE NO REASON TO
PAINT."*

-Edward Hopper

SYLLABUS FOR DECEMBER

GRADE 4:

Perfect imperfections
(Things)

Project 1: what's in a name?

Things- an object that one need not, cannot or does not wish to give a specific name to. This chapter will explore such objects that we talk about but do not have any name for. Even when we don't know the name of the object by looking, thinking, playing and drawing them we discover more about them.

GRADE 5:

What's on your mind?

Project 1: What's on your mind?

Project 2: Unlock your Dreams

Project 3: Word Association

In this chapter children are taught to map random thoughts. They learn to translate their thoughts into drawings and associate their random thoughts with feelings or dreams and desires. They will explore works of Dali and delve into his world of dreams.

FESTIVE MAGNITUDE

Christmas is celebrated every year on December 25. The festival marks the celebration of the birth anniversary of Jesus Christ. Jesus Christ is worshipped as the Messiah of God in Christian Mythology. Hence, his birthday is one of the most joyous ceremonies amongst Christians. Although the festival is mainly celebrated by the followers

of Christianity, it is one of the most enjoyed festivals all over the globe. Christmas symbolizes merriment and love. It is celebrated with a lot of zeal and enthusiasm by everyone, no matter what religion they follow. The season of Christmas that begins from Thanksgiving brings festivity and joy to everyone's lives.

Preparations for Christmas start early for most people. Preparations for Christmas involve a lot of things including buying decorations, food items, and gifts for family members and friends. People usually wear white or red coloured outfits on the day of Christmas. Christmas tree decoration and lighting are the most important part of Christmas. The Christmas tree is an artificial or real pine tree that people adorn with lights, artificial stars, toys, bells, flowers, gifts, etc. People also hide gifts for their loved ones. Traditionally, gifts are hidden in socks under the tree. It is an old belief that a saint named Santa Claus comes on the night of Christmas eve and hides presents for well-behaved kids. This imaginary figure brings a smile to everyone's face. Young children are especially excited about Christmas as they receive gifts and great Christmas treats. The treats include chocolates, cakes, cookies, etc.

PARENTAL TIPS

1. Allow your child to learn from their mistakes. This will aid in building resilience in them.
2. Check the ERP and mail regularly to be updated with the latest information and happenings at school.
3. Praising the accomplishments of your child, however small, will make them feel capable and proud of their achievements.
4. Check your ward's Almanac on a daily basis to be upto date with any note or remark on the part of the teacher.
5. Encourage your child to see learning time as 'fun'. Instil in them the ability to relate it to real- life examples.
