

"The direction in which education starts a man will determine his future life."
-Plato

Dear Parents,
"Be the positivity you wish to see in the world"

Sometimes when we may think about the future, we can find ourselves lost in pessimistic visions that create nothing but unnecessary fear and worry in us. Since no one can really predict what is going to happen, I believe such thoughts are better to be avoided. They will not prevent anything and just worrying about something that may never even occur seems pointless if you look at it from a rational point of view. We must learn to practice optimistic view in every aspect of our lives.

Life Follows you!
Life follows you. Everything you experience in your life is a result of what you give out in your thoughts and feelings, whether you realize you have given them or not. Life is not happening to you. Life is following you. Your destiny is in your hands. Whatever you think, feel that will decide your life, life is not happening to you it is reacting to you. Everything in life is presenting itself to you so you can choose what you love and what you don't love, but only love brings what you want to you. Your mind is a powerful tool you can use, run your life. Even thousands of people in the worst imaginable situations who have changed their lives completely through gratitude. We know of miracles that have taken place in health where there seemed to be no hope, failed kidneys regenerate, eyesight is restored, tumors disappear, and bones grow and rebuild themselves. So feel grateful for each and everything in life. It is all about leading the life, not only living it!

It's the most wonderful time of the year! We're concluding the exciting year of 2022 and welcoming a new year. As we look back on 2022, we can do so with a great sense of collective pride. On behalf of everyone at the school, we would like to wish you a happy Christmas and best wishes for 2023!

Warm Regards,
Principal

ALL RIGHTS RESERVED DECEMBER 2022

GLOBALLY IMPORTANT DAYS OF THE MONTH

WORLD AIDS DAY: Every year, on 1st December, the world commemorates World AIDS Day. People around the world unite to show support for people living with and affected by HIV and to remember those who lost their lives to AIDS.

INTERNATIONAL DAY FOR THE ABOLITION OF SLAVERY: The International Day for the Abolition of Slavery, 2nd December, marks the date of the adoption, by the General Assembly, of the United Nations Convention for the Suppression of the Traffic in Persons and of the Exploitation of the Prostitution of Others (resolution 317(IV) of 2 December 1949). The focus of this day is on eradicating contemporary forms of slavery, such as trafficking in persons, sexual exploitation, the worst forms of child labour, forced marriage, and the forced recruitment of children for use in armed conflict.

INTERNATIONAL CIVIL AVIATION DAY: The day is observed on December 7 to increase awareness about the role and importance of the International Civil Aviation Organization (ICAO) for international air transport. The aim behind celebrating the day is to create awareness across the world about the importance of international civil aviation to the social and economic development of States. Also, the unique role of the organisation in helping States to cooperate and realize a global transit network at the service of all mankind.

CAMPUS CLANDESTINE

Children had a great time during the Major Co-curricular activity 'Bal Sangam'. Children enthusiastically participated in all the activities and cherished each and every moment. Reggio Emilia activity 'Drop Balls' created curiosity to the children about gravity. Jodo Gyan activities Wheels on the bus go around and round, halving up to 10 Let's pack candies and Sidhi se baath, Aat ke Saath motivated children to learn the math concepts with doing and learning and children had hands on experience. Map activity kindled the young minds to know about the Union territories of India. Picture dictation emphasized children to pay attention in listening and Annual Theme activity Line up - Listen and Follow encouraged the children to be more attentive and stay alert and follow the directions precisely.

HUMAN RIGHTS DAY: Human Rights Day is celebrated annually around the world on 10th December every year. Human Rights Day is focusing on how rights are the beginning of peace within societies, and a way to create a fairer society for future generations.

INTERNATIONAL MIGRANTS' DAY: On 18 December 1990, the General Assembly adopted a resolution on the International Convention on the Protection of the Rights of All Migrant Workers and Members of Their Families. International Migrants Day was created to commemorate the importance of strengthening international cooperation and migration bilaterally, regionally, and globally.

ideas to communicate
meaning.

TONGUE TWISTERS

Which wrist watches are Swiss
wristwatches?

PROJECT OF THE MONTH – DANCE

India has rich cultural tradition. Dance is a part of our rich cultural heritage. Dance is considered as the most appealing form of performing arts that has been encouraged from centuries in India. It is an art of expressing varied emotions and feelings. It is an artistic exploration with the body as an instrument. Dancing is so much fun for the children and they stay active in a fun and excited way. Children will acquire knowledge about the different dance forms

in India during the circle time discussions. The children would be amazed to know the health benefits of dancing. Children would be encouraged to participate in the dance events in the major cocurricular activities to gain confidence. It also motivates the children to be more creative and to express themselves in many ways. The practicing of dances in the regular classes, the children develop to focus and creativity, also develops important social and emotional skills without even realizing it. These dances are important life skills that will transfer over to school, work and other aspects of their lives.

PARENTAL TIPS

- ❖ Children watch everything carefully what their parents do. So, be the person you want your child to be – respect your child, show them positive behavior and attitude, have empathy towards your child's emotion – and your child will also follow.
- ❖ Loving your child can be as simple as giving them hugs, spending quality time with them, having family meals together, and listening to your child's problem seriously. Solve the problem together with a positive attitude. Not only do these positive experiences create good neural connections in your child's brain, but they also form the memories of you that your child carries for life.

AMAZING FACTS

1. Bandana Nepal has the Guinness World Record for the longest dancing marathon, lasting 126 hours. A Nepali dancer, she participated in the dance marathon from November 23 to 28, 2018.
2. A lot of pop singers actually create their own dances to actually fit into their songs. The best example of this is Michael Jackson, the man who created the moonwalk for his amazing song in the year 1982
3. In the year 1996, more than 72,000 people gathered to do the chicken dance in Ohio and this actually set the record for the largest dance in modern history
4. Broadway dance is a dance within the theatre. Broadway Dance is a popular way to capture audiences at the grand venues of New York, but it was started by Greeks a long time back.
